

REPORTS:

PLAN REGIONAL OFFICE SYSTEM

Regional reports officers were appointed recently in the various relocation areas to accumulate complete and accurate information on relocation and outside conditions and then inform evacuees in the centers, announced Frank C. Cross, regional contact officer of the reports division in Washington, who visited the Center Monday and Tuesday.

The regional reports officers, who will work with relocation supervisors, have been already appointed in Denver, Kansas City, Chicago and Cleveland. They will get such information as relocation opportunities in their area, housing conditions, cost of living, wage earning possibilities, and community sentiment.

Cross, who was accompanied by Harry Weiss, regional reports officer of the Cleveland office, left today for Jerome.

CITIZENSHIP FOR ALIENS IN ARMED FORCES

Aliens serving in the armed forces of the United States in outposts all over the world are eligible for naturalization, if at the time of his enlistment or induction he was living in the United States. The length of time he may have resided is immaterial, according to a statement issued last week by Earl G. Harrison, commissioner of Immigration and Naturalization.

The other requirement is that he must have served at least a month in the armed forces.

Congress has waived all other usual requirements for naturalization, including the age and education stipulations, and the fact that the applicant may belong to a race customarily ineligible for naturalization. However, it is explained, a non-citizen who has joined the American forces in some foreign country is not eligible for overseas naturalization.

Those eligible for citi-

MILK SUPPLY REDUCED

To Comply with O.P.A. Orders

Effective Nov. 15, milk supply purchased on the Project may not exceed $\frac{1}{2}$ pint per person per day, in order to comply with the recent order from the Office of Price Administration, reported Project Steward L. A. May.

Distribution of milk to the residents will be based upon the WRA policy issued last February: "Fresh milk shall be provided only to infants, nursing mothers, pregnant women, and other persons who, by medical direction, require a special diet."

Milk shall be served in the Administrative Mess on the same basis as it is served to the Center population.

Issued on Oct. 26 by Leland Barrows, acting director of WRA, Washington, D.C., this new order putting a limit on Project milk supplies will be effective in all the relocation centers, reported May.

MOVE EVACUEE STORED GOODS

Evacuees of Delano and Bakersfield area who have their property stored in the Delano Japanese Language school were asked to see Irving B. Conner, evacuee property officer, and file either form WRA-155 or WRA-156.

A report was received from Poston that evacuees of Delano area at the Colorado River relocation project unanimously agreed to store their personal property in the government warehouse, since the school building is of wooden structure and unsafe against fire and theft. Immediate action was requested so that the building may be vacated at one time.

Also, Rohwer residents who have their personal ef-

YMCA SECRETARY ON VISIT; PLAN LEADERSHIP INSTITUTE

W. J. Kitchen, emergency program secretary for the national student YMCA, New York, came into the Center yesterday to make arrangements for the three-day Leadership Institute which will be held here Nov. 19 through Nov. 21.

The Leadership Institute is scheduled to present three principal speakers: Dr. John E. Thompson, pastor of the Presbyterian church, Norman, Oklahoma;

zenship may contact special commissioners sent abroad for the purpose, or representatives of the State Department, or American consuls.

This procedure, granted aliens for the first time in American history, is incorporated as a provision of the Second War Powers Act.

George Corwin, director of boys' work, national YMCA, New York City, who is also in charge of YMCA work in the relocation centers; and Arno Haack, director of relocation and social activities, Washington University, St. Louis, Mo.

The three-day program will offer training to those interested in leadership in the Center and outside community; present a study of social factors which entered into the evacuation order; suggest community attitudes that influence successful integration in relocation life; and advise how to build up new leadership which can take over the responsibilities left by those who have relocated and carry on active community, social and religious program within the Center.

At the monthly meeting held last Friday evening, Nov. 5, the YWCA Board filled the following vacancies:

Miss Yone Okamura (vice-chairman) was elected Chairman taking Mrs. Shigekata Kobayashi's place, Mrs. Akiye Yasuda elected vice-chairman and Mrs. Kazuo Ikebasu elected Secretary-Treasurer taking Mrs. Kazuo Mori's place.

New members of the Board are Mrs. S. Hata, Mrs. M. Ihara, Miss Grayce Kaneda and Miss Grace Yamaguchi.

The YWCA also had as special speaker, Miss Sumi Yamaguchi who spoke on "Relocation in New York."

'Tis with pain and bitterness I remember the past
The disillusioned and bitter taste of contempt
Like the jackal I sulk,
Knowing no home, no haven
Only a derelict, drifting,
lost in a fog of tears

At night within the bosom
of the star, I seek solitude

I am drugged with sleep, my
home only a tumbled shack
It was there I knew contemptment, joy and passion

The tilt soil, the fragrance of the early morn,
'Tis the farm, my first love
GRAND LARCENY

The snatching of the P.A. leaves the I.S. floundering in bewilderment. The culprits no doubt are having a grand time, but may I appeal to your better half. The P.A. had been extensively used, although those having their private recording system may not be affected by the curtailment. The purchasing of the P.A. had been made possible through donations from the resident, who now feel pinched.

Perhaps you don't realize, but this snatch constitute a major crime, differing from walking off with some one's lumber in that the P.A. belong's to the Center. Normally I am one who admire ingenious crime but in this case I have only contempt with the party involved. Knowing the scarcity of the I.S., and the pressed obligation of the CA with their equipment, a moron with half a mind could walk off with the P.A. system.

Your attitude is similar to the narrow-minded individual who would without abashment incense invectiveness as to your standing as a good citizen, all because of his shallow disposition. It is understood no question will be asked; merely deposit your ill-gotten gain at the CA if you have any decency, any

CLUB NOTES

• The Truck 7 Commissary boys sponsored a "Lucky 7 Hop" on Saturday night with the help of the Block 3 boys. The truck boys are: Mike Tomiyama (Foreman), Sam Hamada, Hiroshi Hashimoto, Sam Wotzumi, Jimmy Sasaki and Nob Watari.

Master of ceremonies was Nob "grasshopper" Watari. Refreshments consisted of meat and deviled egg sandwiches, potato salad, cookies and soda pops.

Invited were the Block 8 girls, Arky Debs, Sub-Debs, Trela-Neves, Spinners and special guest.

• With "Junction Hop" as their theme, the Manhattaners and Pacers sponsored a welcome home dance on Sat. night at Mess hall 1 for the boys who returned from Grand Junction, Colorado.

The affair was a big success with Tad Kitano as MC and delicious refreshments prepared by the Manhattaners who also took over all of the messwork for the day with the exception of cooking.

Those invited were: P-40 ettes, Double 3 Jeroes, Cal-Arkies, Yanks, Pacerettes, Estrellitas and special guest.

• Thursday Night Club will hold its regular bridge session tonight at Block office.

22 PLAYERS SIGN-UP FOR VARSITY

With twenty-two unlimited gridders signed up at the last football meeting, the Rohwer All-Stars are going through their preliminary practice to get ready for the coming, but already late season.

Forming the nucleus of the squad are eighteen returning veterans, who at one time or other saw action in the last year's all-star pigskin classic.

In the forward wall they have four Rohwer All-Americans returning, namely, Bruno Kitagawa and Ed Fujitani, the two burly guards; Vic Matsui at center and Shiro Morimoto at tackle. Three all-stars back are still here, Sanji Teranishi, George Kagawa and Shiro Mizufuka.

sense of responsibility.
LIFE'S TRAGEDY

Every man once in his life is guilty of this misdemeanor. That is breaking the heart of some innocent young girl who had without hesitation foolishly placed her confidence and affection.

It is similar to the story about the gal who lived next door to some fellow and throughout her entire childhood doggedly followed his footsteps. And finally he realized she is one not to be denied. (You

now there's something about a girl's perseverance that wears a man down). This girl Eileen was not any where being an ethereal allure, but she was in love.

Often they would stroll thru Central Park, not the conventional way of linking arms or clasping hands, merely with the air of good comradeship. But her eyes betrayed her; illuminating a soft radiance. Well to make a long story short, he was drafted and sent overseas. He never came back. On his death bed he remembered Eileen. Eileen of the tender heart, gay and frivolous, sometimes coy but never demanding. He had left without saying goodbye leaving many words unspoken. But what of Eileen? A life half empty. No word of consolation,

The following players comprise the All-Center roster: ENDS: Mel Fukumoto, Kuni Miyake, Hideo Sasaki, Bill Hattori and Robert Shirahama; TACKLES: Lloyd Fujitani, Dick Kusumoto, Harry Kunishima, Ronnie Yonemoto, Yo Tajima, and Shiro Morimoto; GUARDS: Eddie Wakimoto, Eddie Fujitani, Bruno Kitagawa and George Watanuki; CENTERS: Vic Matsui, Mickey Masuda and George Shigehira.

Shirahama, Hattori, Kunishima and Yonemoto are the newcomers to the team.

Serious losses by relocation and segregation have hit the All-Rohwer eleven. Missing stars from last year unlimited squad are Hiro Nakada, Dave Komatsu, Freddie Masai and Baldy

Fujii from the backfield and George Kishida, Yas Aochi, Kaz Fukumoto, Choo-Choo Tsujimoto, Bronco Ishibashi and Shig Shiroishi off the line.

But there are possibilities that some of last years veterans who are on seasonal leaves may return to play while the present players might be lost by relocation.

At present a tentative schedule has been set up to have three big games against the Denson-All-Stars. The initial game being set for Thanksgiving day and followed up by classics on Christmas and New Year's day.

The Athletic department is also negotiating contest with the local outside high school.

TWO NISEI IN DRAKE LINE-UP

DES MOINES, IOWA. Two nisei football players, George Kita, formerly of Fresno State College in California and Kay Ito, who starred in the Portland, Oregon, high school league, broke into the undefeated Drake University eleven's line-up as backfield men last Friday night, October 29th. Drake defeated the hitherto unbeaten William Vowell college squad 27-19, at Des Moines.

DENSON HIGH SCHEDULES GAME WITH MONROE

DENSON, ARK. The Denson high school Tigers have scheduled two games with the Monroe Industrial high school. The first tussle will take place in Jerome Relocation Center on November 20. A return tilt will be played at Monroe, Louisiana, the following Saturday, November 27.

Playing before the largest crowds ever assembled on the local gridiron, the Denson high school Tigers whipped the All-Center eleven, 7-0.

HEART MT. HIGH WINS 3rd STRAIGHT

HEART MOUNTAIN, WYO. The Heart Mountain high school Eagles won their third straight grid game by defeating the hard fighting Lovell high school Bulldog 6-0, on October 23, on the local gridiron.

After battling three-quarter on even term and only four minutes left in the game, a lucky break in the waning minutes of the fourth quarter found the Eagles in possession of the ball on the Bulldogs' 19 yard line.

After four plays found the Eagles on the Bulldogs' five yard line. On the next play Mas Yoshiyama bullied his way through the center for the lone score.

In the grid classic of the center's football season, the undefeated and unscored-on high school eleven will tangle with the All-Center football machine.
